

Digital Design Graphics Technology

Name:	
DDGT 241 Final Project Questionnaire – Please give detailed answers, more than just a yes no.	or
1. What went well?	

2. What issues did you run into?

3.	What did you learn?
4.	How were your expectations on the timing of the project (your initial Gantt chart)
	different than the actual timing of the project?

5.	There were five students working on this project. If your group only was given 400
	points, how would you personally distribute the points based on how hard you felt your
	teammates worked and why? (Maximum of 100 points for any one student.)

6. As the instructor, I realized that I did not have the amount of time needed to successfully lead this project. Therefore, I had you pick one of your classmates as a "Project Manager". How effective did you find having a fellow classmate in a lead position instead of the instructor?

7.	What advice would you give to the next class?
8.	General Comments:
